THE MIRACLE OF DEATH

By Betty J. Kovács, Ph.D.

Foreword by Anne Baring

AUTHOR BIO

Betty J. Kovács received her Ph.D. from the University of California, Irvine, in Comparative Literature and Theory of Symbolic Language. She has studied and taught in Europe and the United States. She is Professor Emerita, Pasadena City College, Pasadena, California, where she taught literature, writing, mythology and symbolic language for over twenty-five years. She has studied the spiritual traditions of prehistory and indigenous cultures and has worked with shamans from the Amazon and the Andes in Peru. Dr. Kovács has also served many years on the Board of Directors of the Jung Society of Claremont in California. She has been interviewed on radio, local cable TV, in newspapers and magazines.

Dr. Kovács is author of *The Miracle of Death* and "Journey of the Mothers" in *Earthwalking Sky Dancers*. Recent seminar series include *Deeper Orders of Reality: Creating Our Future*; and *The Feminine Dimension of the Divine*.

1. *The Miracle of Death* by Betty J. Kovács, Ph.D. What prompted you to write this book about precognitive dreams and visions surrounding multiple deaths in your family?
2. How were you and your family changed by these experiences?
3. How can experiencing other dimensions of reality help people to cope with the loss of a loved one?
4. How did you know the experiences were "real"?
5. How did your studies in mythology and symbolic language help you to deal with the major events in your life?
6. What is the biggest barrier to experiencing other dimensions of reality and communicating with loved ones no longer in the physical body?
7. What can people not presently dealing with death gain from these kinds of non-ordinary experiences?
8. What do our core beliefs about death have to do with the condition of our planet?
9. In *The Miracle of Death* you say that Western culture is addicted to death, but you also say that understanding the mystery of death is crucial to our survival. Please explain and give some examples.
10. How does fear of death limit the mind's ability to think, to perceive and to experience beyond the physical world?
11. When did we develop the capacity for multidimensional consciousness?
12. Is there any evidence that the gap between science and religion is being closed?
13. Is there any evidence that a planetary shift in consciousness is taking place?
